DEPARTMENTAL BUDGET

Northwind Logistics Pvt. Ltd.

Budget Allocation FY 2026-27

The following allocation was approved by the finance committee for the logistics operations department. Figures are in Indian rupees and exclude capital expenditure carried forward from the previous financial year.

Cost Centre	Approved	Committed	Available
Fleet operations	1,84,00,000	1,12,40,000	71,60,000
Warehouse leasing	96,50,000	96,50,000	0
Personnel and training	1,42,75,000	88,10,000	54,65,000
Technology and systems	58,20,000	21,90,000	36,30,000
Contingency reserve	35,00,000	0	35,00,000

Planning Assumptions

- Diesel priced at an average of 94.50 per litre across the year.
- Headcount grows from 214 to 240 by the fourth quarter.
- No new warehouse leases are signed before Q3.
- Contingency is released only on finance-committee approval.

DEPARTMENTAL BUDGET

Northwind Logistics Pvt. Ltd.

Quarterly Phasing

Cost Centre	Q1	Q2	Q3	Q4
Fleet operations	46,00,000	46,00,000	46,00,000	46,00,000
Warehouse leasing	24,12,500	24,12,500	24,12,500	24,12,500
Personnel and training	31,00,000	34,25,000	37,50,000	40,00,000
Technology and systems	9,20,000	14,00,000	18,00,000	17,00,000

Variance Commentary

Warehouse leasing is fully committed at the start of the year because the Chennai and Pune facilities renew on annual terms. Technology spend is deliberately back-loaded pending the outcome of the transport-management-system evaluation.

Dear Sir or Madam,

Re: Renewal of the logistics services agreement

We act for Northwind Logistics Pvt. Ltd. in connection with the master service agreement dated 4 April 2026. Our client has instructed us to write to you regarding the renewal provisions in clause 11 of that agreement.

Clause 11.2 requires either party to give not less than ninety days written notice of an intention not to renew. No such notice has been received by our client, and accordingly the agreement will renew automatically on 4 April 2027 on the terms presently in force, subject only to the indexation mechanism in schedule 3.

We would be grateful if you would confirm your agreement to this position in writing within twenty-one days. Should you consider that any part of this letter is incorrect, please set out your position with reference to the relevant clauses so that the matter can be resolved without recourse to the dispute procedure.

Yours faithfully,

A. Krishnamurthy

Partner, Meridian Legal Associates

INTERNAL MEMORANDUM

Harbourline Retail Group

Memorandum

TO: Regional Distribution Managers
FROM: K. Iyer, Director of Supply Chain
DATE: 22 August 2026
SUBJECT: Interim changes to inbound freight routing

Effective 1 September, all inbound freight for the southern region is to be routed through the Chennai consolidation hub rather than direct-to-store. This is an interim measure while the Nhava Sheva berth allocation is under review.

Action Required

- Update routing rules in the distribution system before 29 August.
- Notify carriers of the revised delivery windows.
- Report exceptions to the supply chain desk within 24 hours.
- Confirm completion by replying to this memorandum.

This memorandum supersedes the routing guidance issued on 3 July 2026. Questions should be directed to the supply chain desk in the first instance.

CURRICULUM VITAE

Priya Nair - Senior Data Engineer

Professional Summary

Senior data engineer with nine years of experience building batch and streaming pipelines for retail and logistics organisations. Responsible for a platform serving 40 million events per day across twelve downstream teams.

Technical Skills

- Languages: Python, Scala, SQL, Go
- Platforms: Spark, Kafka, Airflow, dbt, Snowflake
- Cloud: AWS (EMR, Glue, Redshift), Terraform, Kubernetes
- Practices: data modelling, lineage, cost optimisation, on-call leadership

Work Experience

Harbourline Retail Group, Mumbai - Senior Data Engineer, 2021 to present. Led the migration from nightly batch to near-real-time ingestion, cutting reporting latency from 14 hours to under 20 minutes and reducing warehouse spend by 31%.

Cobalt Analytics, Pune - Data Engineer, 2017 to 2021. Built the customer data platform underpinning segmentation for a retail client with 8 million loyalty members.
